Good Afternoon,

I believe the attached plan will answer all of your questions in reference to sex offender policies for Jefferson County Pet friendly shelter. Please review page 12, 18, 19, and 25. The only question not answered is they will not be able to bring there family member to the jail. It is a small area not able to accommodate them and their family. The family can stay at the General shelter. Hope this was helpful to you.

Sincerely,

Paula Carroll, Director
