Florida Action Committee

Dear Concerned Citizen,

If you are reading this brochure you are almost certainly impacted by the Florida Sex Offender Registry. Whether you are a registered citizen, have a loved one on the list or simply reside in the State, the Sex Offender Registry has impacted your life.

We are an organization of citizens concerned about Sex Offender issues and policies in Florida.

Reacting to public hysteria following isolated and heinous events, legislators have enacted broad reaching, and well intentioned legislation intended to protect the public.

Unfortunately it fails to do exactly that. The cost to Florida tax payers is not only in the millions of dollars annually, but includes profound human collateral damage to families and communities. Most of all it also fails to protect our children and our communities, as well as creating other new victims.

The purpose of Florida Action Committee is to educate the media, our

legislators and the public with the facts surrounding Sex Offender issues. We also seek to bring litigation challenging the many unconstitutional laws impacting registered citizens and their families.

We are not “pro-offender”. We believe in justice. Our concern is for every citizen of Florida to enjoy a safer environment, particularly our children.

We ask that you visit our website for regular updates and resources on issues impacting Sex Offender management. We also ask that you share this information with others who are impacted. You are not alone!

Finally, we ask for you to become involved in our organization and help us make a change!

Sincerely,

Gail Colletta
President

The
Florida Action Committee
needs your help!

Our motto is “with unity comes change” and we have learned from experience that the only way we will be able to effectuate change is by coming together.

Whether you help by volunteering on one of our board committees, providing outreach in your community, speaking to legislators or in any other way, we can use the help.

We also need donations!
