

## *Coming Together to Better Support Families of Registrants*

We recognize the stigma and collateral consequences of the registry and know that families can often feel isolated and helpless. We are planning to hold a family support session in central Broward on Saturday, 9/7/19, 11 am – 1 pm. Attendees can look forward to a confidential and safe space in which they can share their experiences and challenges as family members of registrants. This meeting is for family members only (no registrants), to allow family members to address their own unique issues and feelings with others going through similar circumstances.

Family Support Group  
Saturday, Sept. 7, 2019  
11 am to 1 pm  
In Central Broward

We look forward to meeting
