RE: Hurricane/Emergency Preparedness

Gail Colletta,

The Gadsden County Sheriff's office has a policy in place to house registrants at the Gadsden County Jail located at 2135 Pat Thomas Parkway Quincy, FL 32351, during a hurricane or natural disaster. There are no provisions in place to separate registrants on probation vs. registrants not on probation. They will be housed together. The registrants will be separated from their family if sheltering in Gadsden County. If an evacuation lasts more than 3 days the registration location will be open to enable a registrant to comply with in-person registration requirement. Registrants may contact Jolene Williams for further information @ (850)875-8844

I hope you find this information helpful. If you need any additional information please make contact with Deputy Director of Emergency Management Tashonda Whaley @ (850)875-8833
