

Fearless Group Manifesto

1. I will take responsibility for my current situation and future progress.
2. I refuse to believe there is nothing I can do. I refuse to complain.
3. I refuse to be silent in the face of state sanctioned hatred, in the face of laws designed to destroy me and my family.
4. I have paid the legally prescribed penalty for my offense and refuse to be broken by an unforgiving system.
5. If I can't find work, I will become an entrepreneur who hires other Registered Citizens.
6. If someone refuses to rent to me, I will educate them and create an opportunity for change.
7. Whenever possible, I will boycott and educate businesses that would not hire a Registered Citizen, in hope of change.
8. I will not be a victim, and I will learn to stand on my own.
9. I will not let my past dictate my future; nor let a label rob me of my dignity. Who I am today can change hearts and minds tomorrow.
