

FAC Monthly Membership Calls

First Thursday of Every Month at 8pm – 9pm ET. For Audio only call 319-527-3487 – No access Code

If they have trouble connecting or will be charged by their phone service provider, they can instead text CALL ME to 319-527-3487 and Free Conference Call will call them back and connect them to the meeting at no charge.

FORMAT: We generally have a topic and expert/guest speaker to address the topic. Depending on the talking points and as agreed by the guest, we may or may not offer a Q&A session. Monthly Member Calls are recorded and available for playback unless restricted by the Legal team. If recording is “Locked” it is no longer available to the public and can only be accessed with a password on a Need to Know basis.

Examples of when this may happen include, but are not limited to:

- Something was said that would jeopardize an active case
- Response(s) were not accurate and may cause confuse or misled members
- Information covered on call is out of date or obsolete
- Personal data about a plaintiff or member was disclosed.

PROTOCOL – Use First name and County only. Be respectful, no political or discriminatory discussion is permitted. If caller cannot be identified the moderator will delete the caller.

PLAYBACK: To Access a Recorded Monthly Meeting, call 605=475-4953 and enter code 739392#, then enter the Reference ID# (such as 199#) or enter just # to get the last recording. It is helpful to have list of past calls that you want to share with new members.

NOTE: Weekly Updates and special events such as the Virtual Holiday Party are also recorded and accessed the same way. Therefore, the recordings are a mix of Monthly Membership Calls, Weekly Updates and special events.
